

Preface

The 2025 International Conference on Digital Intelligence Management and Innovation (DIMI 2025) has been held from November 28-30, 2025, in Zhengzhou, China. This conference aims to bring together experts, researchers, and industry leaders from academia and industry worldwide to explore the forefront of management transformation and innovation in the era of digital intelligence. It will serve as a premier international platform for academic exchange and collaboration, focusing on the deep integration of digital technologies (such as AI, Big Data, Cloud Computing, and IoT) with business management, social governance, and industrial innovation.

With best regards,
Conference Committee of DIMI 2025
